

Dear Author (s)

Publication of research work is the desired outcome of any academic and professional conference as it not only adds to the existing body of knowledge in the subject but also creates avenues for further work in the field. A good quality publication requires hard work, dedication and patience.

We are committed to support you in your journey in research publication. With the aim of locating your research to the right destination, ACBTA 2024 Congress has amplified its publication opportunities.

Selected full papers will be considered for publication in –

- 1) Special Issue of a UGC Care-listed Journal

The second stage would be revising your submission as per the requirements of the particular Journal or book and re-submitting it as required. All publications from this Congress will be ready and available between 6 and 12 months of the closing of the event.

The last date for submission of full papers in the prescribed guidelines for the first stage of review is 25th February 2024.
